Dual-Sided Smart City Kiosk

INCLUDES (2) 55" XTREME™ HIGH BRIGHT OUTDOOR DISPLAYS

KOP55XHB2(-S)-EUK
KOP55XHB2-(S)A-EUK

Upgrade your current signage with a brand new Peerless-AV® Dual-Sided Smart City Kiosk. This next generation Smart City Kiosk will allow you to replace dynamic, digital content quickly, easily, and remotely, drawing in more engagement than your previous static signage. By combining a sleek, modern aesthetic with an approachable and easy-to-use design, the Smart City Kiosk puts functionality at the forefront. A 10-point IR touch overlay can also be added, on one or both sides of the kiosk, for an interactive customer experience. Outdoor elements are no match for this kiosk because it is all-weather rated, highly durable, and built to last. Maintenance and installation are also simplified with no cranes or forklifts needed. The Smart City Kiosk comes packed with ample component storage and two 55" Xtreme™ High Bright Outdoor Displays with full HD1080p resolution. Even when placed in direct sunlight, you are guaranteed a bright and crisp picture when sharing digital signage content - Whether that is focused on travel, wayfinding, advertising, weather, entertainment, and more.

All Weather Rated Display: IP66

Display's Operating Temperature Range:
-35°C to 60°C
(-31°F - 140°F)

- Includes two Peerless-AV® 55" (XHB554-EUK) Xtreme™ High Bright Outdoor Displays to offer maximum flexibility

- All stainless steel and aluminium body combined with an outdoor rated paint finish to provide the ultimate in corrosion resistance

- Wind tested up to 135 mph

- Sleek yet rugged design protects the display, while also providing ample space for component storage

- Available in black or silver and with or without speakers to ensure your product needs are met

- KOP55XHB2-(S)A-EUK includes four 4 inch, 100 watt, waterproof speakers to ensure high-quality, undistorted audio output for outdoor usage

IP66 RATED DISPLAY
Fully sealed design prevents the ingress of foreign materials, such as water, dust, moisture and insects, from entering the display

OPTIONAL IR TOUCH OVERLAY
Create an interactive kiosk by adding the KIRP-XHB4, which can detect up to 10 touch points, whether finger, gloved hand or stylus, all in a convenient plug-and-play design

IP55 RATED MEDIA CABINET
Provides a dedicated, spacious area for storing AV components, and the integrated fans provide active cooling

LOUVERED SIDE VENTS
Allow for display and component ventilation while keeping cords and other internals hidden from view for a clean install

Model Shown: KOP55XHB2-EUK

EXTENDED BASE COVER
Allows power and data to be run up through bottom centre, while keeping conduit concealed, for a clean installation

KOP55XHB2-(S)A-EUK Includes (4) Speakers

RoHS
2002/95/EC
